Another tablet describes the dream of a patient who suffered from cancer of the stomach. The god removed the cancer by a neat and paingless laparotomy, and the patient awoke and was cured. If it could only be done in that way now! Naturally the priests became somewhat skillful in the practical and real part of medicine. They saw the patients received healof living. It was from some of these practical physicians that Hippocrates learned what little he knew of medical art, expunging from it priestly mystleism and quackery.

As time passed and the ancient religion became more of a conscious decided and became more of a conscious decided.
